ANDTS policy for SSHL

-alcohol, narcotics, doping, tobacco
and gambling

2022/2023

The school's vision

SSHL's vision is a school free from alcohol, drugs, doping, tobacco and gambling (ANDTS) and to be a school that works to promote an active and healthy lifestyle.

Goal

The goal is that all staff and students at SSHL have knowledge about *ANDTS* and its harmful effects on individuals and society. Staff and students must be involved in the promoting and preventative work.

Responsibility

The Principal is the main responsible for the *ANDTS* policy and for the action plan being followed. It is the responsibility of all staff to follow the policy. This means that all staff at the school must actively discourage and stop any use of alcohol, narcotics, doping, tobacco and gambling.

- The Principal is responsible for ensuring that all staff at SSHL gain knowledge of the policy and the associated action plan.
- The policy should be available on the school's website and the action plans on the school's intranet.

A school free from alcohol, drugs, doping, tobacco and gambling

At SSHL there is absolutely zero tolerance towards alcohol, drugs, doping, tobacco and gambling - it is strictly forbidden during school hours and on the school grounds.

The school is obliged to protect children and young people from drugs according to the UN Convention on the Rights of the Child and the Tobacco Act.

According to the Act on Tobacco and Similar Products, it is forbidden to smoke in premises intended for childcare, school activities or other activities for children or young people, as well as on school campuses. The ban also applies to activities organized by the school or in the school's extracurricular activities.

Boarding students are subject to these rules throughout their entire stay at SSHL.

The Act on Tobacco and Similar Products contains regulations on tobacco, electronic cigarettes and refill containers, herbal products for smoking and the use of recreational substances that are equivalent to smoking in terms of use but do not contain tobacco. This policy thus covers the same.

Act (2018:2088) on tobacco and similar products.
