

Boarding Fees academic year 2025-2026

(SEK)			
Application fee	5 000		
Registration fee	10 000		
Boarding fee/school year	Weekly boarding	SSHL Traditional	Full boarding
<i>Swedish and expatriate Swedish students</i>	342 000	378 000	441 000
<i>Overseas citizen students</i>	452 000	489 500	553 000

For parents and guardians with more than one child enrolled in the boarding school, the boarding fee will be reduced according to the table below. Price reduction is obtained from the time another child is enrolled and remains in effect until the child leaves the boarding school. Children are considered siblings when they are siblings with the same last name or when they have different last names but are officially registered at the same home address.

Price reduction of boarding fee (%):

Child 2	Child 3	Child 4	Child 5
5%	10%	15%	20%

IB school fees

Programme	(SEK)
IB MYP 4	30 000
IB MYP 5, IB DP* and IB CP*	38 000

* An examination fee will be added to the spring term fee invoice for grade 12 students.

OTHER FEES AND CONDITIONS

Application fee

A boarding application fee of SEK 5 000 is payable at the time the application is sent. The fee is non-refundable.

Registration fee

A registration fee of SEK 10 000 will be added to the first invoice, together with the boarding fee. The registration fee covers start-up costs for your child to become a boarder at SSSL, including administrative costs, school uniform and other items. The fee is non-refundable.

Education grants for high school students

The Swedish Board of Student Finance (CSN) awards grants in the form of study allowances and boarding supplements to high school students.

Study grants

Study grants are payable from the age of 16 until the spring term of the year the student turns 20. A study grant is paid without an application process for Swedish citizens. Foreign citizens must apply for study grants every academic year and need to satisfy special conditions in order to be entitled to Swedish student finance. For more information, www.csn.se.

Boarding supplement

A boarding supplement from CSN (Swedish Board of Student Finance) can be awarded to a student who is a Swedish citizen. Application forms are available from www.csn.se. Boarding supplements are applied for each year and are awarded principally in the following instances:

- a particular educational programme is unavailable in the student's home town
- the student has not been accepted for the target educational programme in his/her hometown
- the student's parents are overseas residents
- in the event of special circumstances.

Education grant applications are handled by the Swedish Board of Student Finance (Centrala Studiestödsnämnden CSN), www.csn.se.

Allowances for middle school students

Child allowances are paid up to and including the quarter when students reach their 16th birthday.

Extended child allowances are paid from the quarter after the students have reached their 16th birthday. Extended child allowance is paid up to and including the time a student completes their middle school studies. The child allowance is paid out every month by The Swedish Social Insurance Agency (Försäkringskassan). Students who are Swedish citizens and have a parent/guardian who resides in Sweden are eligible to receive child allowance.

Scholarships

Information regarding the availability of scholarships is presented in a separate document, which is on www.sshl.se.

Study agreement

Once a student has been formally admitted to the school by the SSHL Admissions Board, a study agreement is drawn up between the school and the student's parent(s)/guardian to be signed.

Insurance

The school has a collective/group insurance which covers accidental injuries during school time, free time and holidays. For boarding students, the school has a householder's comprehensive insurance cover, which applies to those students who are not already covered by a householder's insurance. This insurance also includes travel insurance coverage for those students who are covered by a national social insurance in the Nordic countries.

Overseas citizens must arrange for their own medical and travel insurance.

Invoicing

School fees are invoiced twice per academic year. Payment for the autumn term should be received by Sigtunaskolan Humanistiska Läroverket by 30 June and for the spring term by 30 November.

Half of the yearly school fee will be charged with the respective invoicing. Overdue payments will be subject to penalty interest charges. If a payment is not made, collection procedures will be pursued on behalf of SSHL by the debt collection agency Intrum.

IB examination fee

An examination fee, charged by the International Baccalaureate Organization IBO, will be added to the invoice for the spring term fees for diploma students in grade 12.

Personal expenses

Parents/guardians or students themselves are responsible for personal expenses or expenditures in school, which are not included in the school fees.

Other expenses

Expenses for the following activities/eventualities will be debited to parents/guardians:

- participation in some courses and activities organized by the extracurricular department that are not included in the school fee
- emergency visits to a doctor and ensuing expenses
- damage caused by the student to school property
- false fire alarms
- lost course literature
- lost key or key tag

Expatriate Swedish citizen

In order for a student to be regarded as a Swedish expatriate, the following conditions must be met:

1. The student's parents/guardian must permanently reside overseas:
 - permanent residence constitutes a continuous time period of six months or more
 - parents/guardians shall take their overnight rest overseas
 - temporary interruption to overseas residence is irrelevant to the assessment.
2. At least one parent/guardian must be a Swedish citizen.
3. The student must not be registered (folkbokförd) in Sweden.

Municipal registration

A boarding student who is a Swedish citizen (a student with municipal registration in Sweden) is not permitted a municipal registration at Sigtunaskolan Humanistiska Läroverket. Municipal Registration ordinance §11 – A student under 18 years of age who does not have his/her actual abode together with parents or other relatives is regarded as resident at a parental address even though, as a consequence of school attendance, the student regularly takes overnight rest at a different address.

The above ordinance is applied even after the student has reached the age of 18 as long as he/she is continuing with middle/high school or comparable programme of study.

An expatriate Swedish student who is deregistered, in other words without a municipal registration in Sweden, shall register themselves with a Swedish contact person or relative.
