

Option list for IB Diploma Programme at SSSL

Below are the option blocks available for the IB Diploma programme for students starting August 2021. The option blocks are based on the scheduling and staffing of the classes.

Students choose their options by completing a google form online, the link will be sent to students by email once accepted to the programme. Carefully read the following guidelines:

- Students can choose **only one** course from each of the option blocks.
- Students must choose one Language A course and either one Language B (language acquisition) or another Language A course. Students must choose either an English A or English B course.
- Students must have at least one experimental science subject: Chemistry/ Physics/ Biology/Sports, Exercise and Health Science (SEHS), Environmental Systems and Societies (ESS)
- Students must have at least one Individual and societies subject: Philosophy/Economics/History/Business and Management/Global Politics/ESS
- Students must also have no more than three subjects at SL
- You can read further information on each subject via the [IB DP Subject Briefs](#).

* If you have another mother tongue (Language A) other than English or Swedish you can take this language as a "School Supported Self Taught Language A Literature SL" as long as it is offered by the IB. SSST Lang A can even be taken as a third language to replace a subject in Option Block 4-6. Please contact Adrian Feehan for further information. There may be an additional cost for this option.

- You can choose subjects from the online course provider, Pamoja, at a cost of SEK 30 000.
- You can declare your interest in other languages and we may be able to have the class if there is enough interest. Contact Adrian Feehan for more information.
- Groups that are very small may not be started in which case the student will have to change their options. Class sizes are limited so students may have to change their options if a class is full.
- It is the student/family's responsibility to make sure that the subjects they choose are sufficient for entry into the university of their choice. Contact syv@sshl.se for further guidance.
- Be aware that to be accepted onto many Swedish university courses, an applicant must have equivalent to Swedish A SL/HL. Swedish B SL/HL does not give a student the correct qualifications. If a student is taking Swedish B they must complement their language qualifications by taking a TISUS test, Test in Swedish for university studies.
