IB Career-related Programme

**GET ACCESS TO
UNIVERSITIES IN OVER A
HUNDRED COUNTRIES**

**SIGTUNASKOLAN
HUMANISTISKA LÄROVERKET**

ONE OF THE FIRST IN SWEDEN

SSHL implemented the IB Diploma Programme 40 years ago. Our long experience of the programme, together with the dedicated help of skilled teachers, makes it possible for students to reach their academic potential. From 2021 we offer the IB Career-related Programme which prepares you for an employment in the Hospitality industry as well as higher education in Business and Hospitality management.

High tempo, high ambitions

Students choosing these programmes have a mixture of backgrounds – both international and Swedish. The courses are taught at a high tempo and therefore it is important that you are highly motivated, prepared to work hard and are structured in your studies. The reward for your hard work comes in the form of an IB qualification. With that in your hand, you will be able to apply to most international and Swedish universities, including those top-ranked.

Two or three years

If you choose to follow one of the IB Programmes you first do a preparatory year, called MYP5 (IB Middle Years Programme final year). This year not only provides you with an academic foundation, but also gives you time to adapt to living away from home in a new environment. If you already have sufficient knowledge from your previous education, you can start directly on the IBDP or IBCP, which are two year programmes.

IB Diploma Programme

This programme is very well-known and has a good reputation worldwide. Although most of our DP students choose to continue their university studies abroad, many of them apply to Swedish universities as well. You choose six subjects, three of which are studied at higher level, and there are many ways in which to combine different subjects.

There are certain requirements

- You must choose two Languages, Mathematics, one subject within the area of Individuals and Societies and one of the Sciences.
- As a sixth subject you can choose Visual Art or an additional subject from the last two groups mentioned.
- Also included in the programme is a course in Theory of Knowledge, an Extended Essay and participation in the CAS programme (Creativity, Action, Service).

IB Career-related Programme

The IBCP pathway at SSHL is Business & Hospitality Management. This course is designed by VIE Academy in collaboration with Swiss Education Group.

The programme has three parts

- Three IBDP Subjects: Business Management, Language A and a choice of one more of the IBDP subjects offered.
- IBCP Core Subjects: Personal and Professional Skills, Language Development, Service Learning and Reflective Project.
- Career-related Study: Research & Referencing (study skills), Principles of Accounting, Business Management, Principles of Microeconomics, Food Safety and Production, Bar & Food/Beverage Management, Ethics in Business & Hospitality, Communication and World Cultures.
